# ANNUAL REPORT 2023-24

## **SCHOOL PROFILE**

It's written in our scriptures that Education is the greatest wealth, which can neither be divided nor can anyone steal. It is such a wealth that donating does not hurt. With this aim in mind, Good Day Defence School was established in 2013. The purpose of the school is not just to teach children, but the foundation of the country and society is prepared in the school itself. It is our goal that the children of good day defense school should be filled with the spirit of humanity and patriotism. To fulfill these objectives, a different type of education system has been started by the Good Day Defense School. It's amalgam of Vedic methodology & Sainik School pattern training. This is the first attempt of its kind in the entire country. GDDIANS remain connected to their traditions by being connected to Vedic culture, while being trained in Sainik School; they become mentally and physically strong. Here the meaning of Vedic ritual is not limited to any one religion or culture only, but children are made aware of every religion and culture based on the essence of Vasudhaiva Kutumbakam. The Good Day Defense School has made a mark in the field of education in a very short time. Good academic record and high ranking in various board examinations have become a synonym to the Good Day Defense School. For us the success is not limited to achieve good ranks but we want our students to stand firmly on every front in life.

For us, the aim of education is not to prepare the generation which is in rat race of career building only, but to prepare the youth filled with patriotism, humanity and our traditions.

Our aim is to built GDDIANS mentally and physically strong so that they can face every challenge of life & get succeed.

GDDIANS should be youth eager to learn something new. GDDIANS should make a name in education as well as in other fields like sports, arts and music.

Our aim is to provide better education and opportunity to develop the natural talent of every child. Therefore, we put our efforts to master children in all the disciplines right from the beginning.

GDDS is one and the only school in India to take initiative towards adopting Sainik School and Gurukul based education system. Established in the year 2013, Good Day

Defence School is run under the aegies of Guru Gobind Singh Charitable Trust in a sparkling lush green campus spread across wide land. Our staff is always ready to welcome and support parents and our well-wishers at all time diligently. Apart from Science subject with vast laboratories, we do have well placed and functional laboratories for Mathematics, English to enable content study and enhance personality development of the student. Besides library which is equipped with subject and relevant books, an e-library is also established to cater the need of the students towards quality and information pertaining to subjects of interest. Sports is also an

asset for our school as we have facilities for all indoor and outdoor activities starting with an athletic track of 400m, football, cricket, basketball, volleyball, badminton and handball ground. We do have swimming pool for seniors and juniors separately to ensure full and better physical development of our student in general. Students of our school are provided with holistic approach and to enhance their skills regular cultural activities are conducted in our open as well as indoor auditorium located in our school campus itself. The Good Day Defense School has adopted the Sainik School education system for the all-round development of children. This does not mean that every child is attached to the army, but our aim is that every child in the school be physically and mentally strong like our soldiers. For this, every type of training has been arranged in the school itself. In addition to the 400-meter athletic track, rope Kalimbing, Kargil Bridge, hangar wall, 5 feet wall, step up, etc., have been made so that the students can become familiar with the training of a soldier. Adoption of Gurukul system with Sainik School based education was a major challenge. We have also succeeded in accepting this challenge. Children's day in school begins by offering a sacrifice in the Havan Kund in front of the temple of Maa Saraswati. Every morning in the huge green campus, the atmosphere is further purified by the fire of havan. The daily prayer recites the Gayatri Mantra and children are told about the life and teachings of great men. In the school campus, not only the hymns of the Vedas resonate but also teach about other religions. Gurbani is recited from time to time at Good Day Defense School. The heart of service is also explained by connecting children with langar and other traditions. Apart from this, children are also told about other religions so that they can incorporate the teachings of all in their lives.

“श्रियः प्रदुग्धे विपदो रुणद्धि यथांसि सूते मलिनं प्रमार्ष्टि।  
संस्कारशौचेन परम् पुनीते शुद्धा हि बुद्धिः किल कामधेनुः॥”

अर्थात्

“विद्या सचमुच कामधेनु है, क्योंकि वह संपत्ति को दोहती है, विपत्ति को रोकती है, यश दिलाती है, मलीनता धो देती है,  
संस्कार रूप पावित्र्य द्वारा अन्य को पावन करती है।”

आदरणीय अभिभावकों व प्रिय विद्यार्थियों,  
सादर वंदे!

वर्तमान शिक्षा का स्वरूप कैसा हो, इस पर समय-समय पर प्रबुद्ध शिक्षाविदों द्वारा अनवरत समीक्षाएं होती रही हैं। मेरा यह स्पष्ट रूप से व्यक्तिगत मत है कि हमारी प्राचीन शिक्षा पद्धति सर्वोत्तम थी, क्योंकि वह ऋषि मुनियों द्वारा संचालित गुरुकुल शिक्षा प्रणाली थी। आज से 5000 वर्ष पूर्व विश्व की ज्यादातर सभ्यताएं खानाबदोश जीवन यापन करती थी, तब भारत में सिंधु घाटी सभ्यता उन्नति के शिखर पर थी। जब अन्य सभ्यताओं को लिखना भी नहीं आता था, तबहमारे ऋषि मुनियों ने विश्व को ऋग्वेद ग्रंथ दे दिया था। भारतीय सभ्यता और वेदों ने समूचे विश्व को दशमलव, शून्य, दिशा सूचक और पंचांग (कलेंडर) से लेकर नृत्य, गायन, वादन जैसे लोक कलाओं के साथ ज्योतिष, साहित्य सृजन, विज्ञान, तकनीकी, निर्माण, गणनांक, कृषि, चिकित्सा विज्ञान, खगोलीय गणना के अलावा अंतरिक्ष विज्ञान का प्रमाणित ज्ञान दिया है।

मौजूदा शिक्षा पद्धति विद्यार्थियों को संपूर्णता की ओर नहीं ले जा रही। अंकों की दौड़ में विद्यार्थी अवसाद (तनाव) के शिकार हो रहे हैं एवं युवा पीढ़ी उदंड होने के साथ मोबाइल एवं अन्य गतिविधियों से भटकाव की ओर परिवार से दूर होते जा रहे हैं। घरों में बच्चों की संख्या एक या दो होने से ज्यादा लाड प्यार में परिवारों के मध्य अनुशासनहीनता एवं बड़े-छोटे का सम्मान खत्म होता जा रहा है। दूसरों को दोष देने के बजाय! मैं क्या कर सकता हूं, मेरे लिए यह बात ज्यादा महत्वपूर्ण है। इसलिए गुड डे डिफेंस स्कूल के संपूर्ण टीम द्वारा शिक्षा पद्धति में नवाचार करते हुए विद्यार्थियों को गुरुकुल पद्धति द्वारा संस्कारवान बनाने का प्रयास किया जा रहा है। और सैनिक स्कूल पद्धति द्वारा उनको शारीरिक व मानसिक रूप से मजबूत किया जा रहा है ताकि विद्यार्थी तनाव रहित होकर ज्ञानार्जन कर सकें और अपने ज्ञान से राष्ट्र निर्माण में सक्रिय भूमिका निभा सकें।

Every child has a different learning style and pace. Each child is unique not only capable of learning but also capable of succeeding. Every new beginning brings a fresh hope and this hope brings a desire and a longing to achieve the best. Education these days is not simply the amount of information acquired or put in the brain of children. The success of student doesn't entail the mere acquisition of knowledge. Even a high percentage of marks in exams is not a guarantee that our students will become successful in life. It will depend upon their ability to put this knowledge to use for their bright future. Our Institution endeavours to ensure an all round development of the personalities of our students.

We had an excellent, coordinated transitional year and this year too we are in a phase, where we are laying more emphasis on inculcating a contemporary outlook with traditional values. At Good Day Defence School, we are striving to develop high standard of national and international competency level upholding the view that along with high spirits of competence, individual should also be humble and down-to-earth. Just as raw clay is shaped by the Potter we need to mould them and develop their personalities. They are like buds each with its unique fragrance and colour and with Infinite possibilities of bright future on the horizon of life. I feel proud to say that the school provides conducive atmosphere for the overall development of the children and exposes them to experiences. By doing so, we give them the gift of a rich and memorable childhood while laying the foundation for a lifetime creative expression. We provide education based on every aspect of life which part of the way for the holistic development of the individual society and the nation. In our entire curriculum, it is ensure that value based education is incorporated into the chapters in the interesting way so that the children and students learn it at every step of their schooling.
