

GOOD DAY DEFENCE SCHOOL, HANUMANGARH

NEWSFLASH

17 AUGUST

A New Week of Active Learning

Dear Parents,

The new week at Good Day Defence School, Hanumangarh began with enthusiasm, active participation, and a strong focus on experiential learning. Across Classes VI to VIII, students engaged in thoughtfully planned activities that transformed everyday lessons into opportunities to explore, apply, communicate, and create.

Language, Creativity & Communication

Students strengthened their language skills through a Reading Relay, Story Writing Workshop, and Poem Recitation with Expression. Activities on Proverbs and Their Meanings further enriched vocabulary and encouraged students to connect language with real-life communication.

Proverbs & Their Meanings

Mathematics Made Interactive

Mathematical concepts became more engaging through Geometry Construction, Fraction & Decimal Challenges, and Mensuration Practical Activities. These tasks encouraged students to apply concepts, develop logical thinking, and approach problems with greater confidence.

Mensuration Practical Activities

Science Through Exploration

Science learning moved beyond the textbook with demonstrations on **Types of Motion**, the **Water Cycle**, and the **Respiratory System**. Students had opportunities to observe processes, understand concepts visually, and connect classroom learning with the world around them.

WATER CYCLE

Connecting Learning with the World

Through Directions & Compass Activities and Map Labelling, students developed practical geographical skills. A Group Discussion on the Environment encouraged students to express their ideas, listen to others, and think about their role in creating a more responsible future.

Awareness, Discipline & Leadership

The day also featured a Defence Awareness Quiz, providing students with an engaging opportunity to test their knowledge while nurturing curiosity, awareness, and the spirit of learning associated with the school's defence-oriented environment.

Defence Awareness Quiz

*From constructing geometrical figures to demonstrating scientific concepts, from expressing ideas to interpreting maps, today's activities reflected the **GDDS** approach of making learning active, purposeful, and student-centred.*
