

GOOD DAY DEFENCE SCHOOL

HANUMANGARH

Dear Parents,

Welcome to another engaging day at Good Day Defence School, Hanumangarh, where a regular school day unfolded through meaningful lessons, interactive activities and opportunities for students to connect classroom learning with the world around them.

Starting the Day with Purpose

The day began with the morning assembly, bringing students together with a sense of discipline, positivity and togetherness. With renewed energy, students moved into their classrooms, ready to explore, participate and learn.

Learning Connected to Life

Students explored themes such as **Family & Community and Student Life**, encouraging them to reflect on relationships, responsibilities and their everyday experiences.

Activities like **“Say the Right Thing”** further supported thoughtful communication, helping students understand the importance of expressing themselves respectfully and appropriately.

Making Concepts More Interactive

Learning became more engaging through **Number Play** and **Venn Diagram** activities, giving students opportunities to explore numbers, compare ideas, identify relationships and strengthen their logical thinking.

Such activities encouraged students to learn through participation rather than simply receiving information.

Understanding the World Around Us

The classrooms also opened doors to wider perspectives through Parliaments of the World and the concept of a Socialist Economy. Meanwhile, Mathematics and Science students explored Circles and Refraction Through a Prism, strengthening conceptual understanding through focused classroom learning.

1. Parliaments of the World

Broader civic understanding through classroom discussion.

2. Concept of a Socialist Economy

Exploring economic systems and their features.

3. Circles

Strengthening mathematical concepts through guided learning.

4. Refraction Through a Prism

Hands-on science learning through observation and experimentation.

Learning, Togetherness & Well-Being

The lunch break gave students time to refresh, interact with their peers and recharge before continuing with the day's routine. Across the campus, the day reflected a balanced approach to learning where academics, communication, social understanding and student participation came together naturally.

Students explored 'Student Life' in Sanskrit, learning simple vocabulary and expressions related to school, studies, discipline, friends, and daily routines. The lesson encouraged students to connect Sanskrit with their everyday experiences while developing their language and communication skills.
