A BRIGHTER
TOMORROW

Dear Parents,

September 11 at GDDS unfolded as a beautiful blend of **values**, **academics**, **play**, **friendship** and **boarding-school** routines. From learning important life lessons through animated visuals to exploring languages and science, enjoying moments of play and finally coming together for the evening roll call, every part of the day had something to offer.

Moral Learning | Values That Come Alive

KINDNESS
RESPONSIBILITY
RIGHT CHOICES
GOOD CONDUCT

Learning took a meaningful turn as students explored moral lessons through cartoons and visual storytelling. Through an engaging animated movie, students encountered situations and characters that helped them reflect on **right choices**, **kindness**, **responsibility** and **good conduct**. Visual storytelling made these values easier to understand and connect with, turning an enjoyable experience into a meaningful learning opportunity.

Lunch at the Mess | Sharing More Than a Meal

The mess area came alive during lunchtime as students gathered together to eat, interact and share cheerful moments with their peers.

In a boarding school, such everyday moments become an important part of student life—building friendships, belonging and a sense of community.

Another Day, Another Set of Experiences

From values learned through a story to knowledge gained in the classroom, from joyful play to shared meals and disciplined routines, September 11 captured the many dimensions of life at GDDS.

Because growing up is not only about learning lessons from books. It is also about learning how to think, how to behave, how to connect, how to play and how to grow together.
