FOR A BRIGHTER
TOMORROW

Dear Parents,

September 17 at GDDS unfolded as another purposeful day, where focused classrooms, active learning, creative expression and moments of recognition came together to shape a complete learning experience. From strengthening academic concepts and communication skills to building healthy habits, exploring movement and sport, and celebrating the dedication of our educators, the day reflected the many ways in which learning continues across the GDDS campus.

Grade 1 | Starting the Day with Yoga

Grade 1 students began with Yoga, embracing mindful movement while developing balance, flexibility, focus and body awareness. These early practices help children build healthy habits while beginning their day with energy and calmness.

Class 10 | Light — Reflection & Refraction

Students explored Light, Reflection and Refraction, deepening their understanding of how light behaves and strengthening their grasp of important concepts in Physics.

UKG | Learning Healthy Habits

UKG students learned how to wash their hands properly, turning an everyday routine into an important lesson in personal hygiene and self-care.

UKG | Learning Through Dance

The UKG classroom also came alive with dance, giving young learners an opportunity to explore rhythm, movement, coordination and joyful self-expression.

LKG | Exploring the Kreedo Lab

Our LKG learners explored the Kreedo Lab, engaging with a hands-on learning environment designed to make early learning interactive, experiential and engaging.

Celebrating Teacher Excellence | AmplifiQ Learning Bridge Award

A proud moment for GDDS came with the recognition of Mona Mam, who received the AmplifiQ Learning Bridge Award.

Such recognition celebrates the dedication of educators who continually contribute to meaningful learning experiences for their students. At GDDS, we believe that when teachers continue to learn, innovate and give their best, the entire school community grows with them.

Sports | Building Strength Through Judo

Students also took to Judo, developing physical coordination, discipline, concentration and perseverance.

Sports at GDDS go beyond physical activity—they help students understand the value of practice, self-control, resilience and respect.

Lunch

Time to Recharge

After a morning filled with lessons and activities, students gathered for lunch, taking time to refuel, relax and share moments with their peers.

Evening Hostel Roll Call

As the day moved towards evening, students came together for hostel roll call. This regular routine reinforces discipline, responsibility and organisation while bringing structure to residential life.

DISCIPLINE
TODAY
A BRIGHTER
TOMORROW

From the first activities of the morning to the final roll call of the evening, every part of the day contributes to the rhythm and character of life at GDDS.

Growing Through Every Experience

September 17 was a reminder that education is much larger than the lessons written on a classroom board.

- It is yoga that teaches balance.
- A language that builds expression.
- Science that sparks curiosity.
- Sport that builds discipline.
- Teachers who quietly shape every learner.
- And recognition that reminds us to celebrate those who make learning possible.

At GDDS, every day brings another opportunity to learn with purpose, grow with confidence and move one step closer to becoming capable, disciplined and responsible individuals.

Warm regards,
