

GOOD DAY DEFENCE SCHOOL

NEW SAINIK SCHOOL
HANUMANGARH

22 OCTOBER

DAILY NEWSFLASH

Dear Parents,

Every day at GDDS brings together curious minds, energetic playgrounds, creative discoveries and the people who make school life meaningful. October 22 reflected this beautiful blend, with students learning new concepts, developing practical skills, enjoying sports and dance, and sharing the little moments that make a school feel like a community.

Classroom Learning | Knowledge in Action

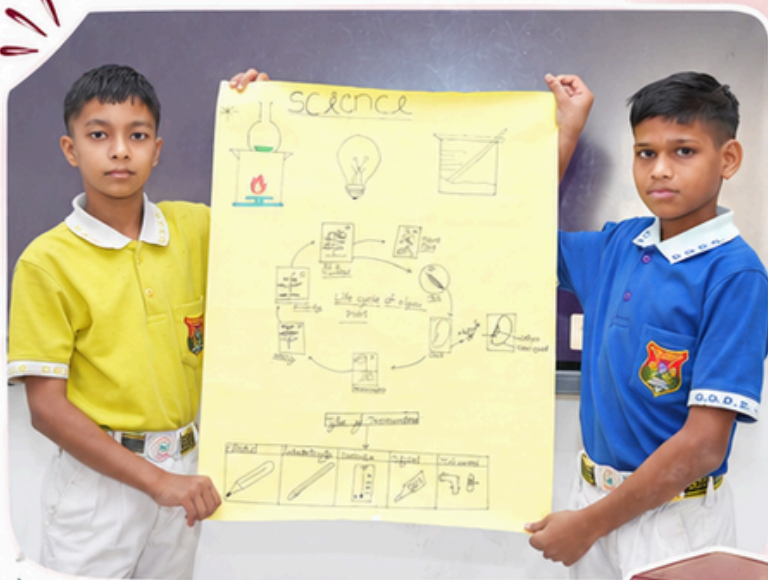

Classrooms came alive with a variety of learning experiences. Students explored the states of water in **Science** and discovered the importance of agriculture, connecting classroom concepts with the world around them. A lesson on Arunima Sinha, the inspiring mountaineer, introduced students to a remarkable journey of courage, determination and perseverance.

Hindi lessons focused on singular and plural forms, while **Communicative English** encouraged students to describe people and express their observations with greater clarity. In **Computer Class**, students explored Mail Merge and digital documentation, gaining practical experience with useful digital tools.

Creative Learning | All About India

With charts, colours and ideas, students worked on *All About India*, turning information into creative visual presentations. The activity encouraged them to explore their country's identity, organise information and express what they learned in an engaging way.

Sports & Outdoor Play | Champions in Action

The basketball court welcomed our champions as they continued to develop their game through movement, coordination and teamwork. Meanwhile, the monkey bars and swings offered plenty of opportunities for active play, laughter and friendship. Whether pursuing sporting goals or enjoying the playground, students found space to challenge themselves and have fun.

Dance & Expression | Learning Through Rhythm

Dance practice brought energy and expression to the day as the boys worked on their movements and coordination. With every step and repeated sequence, they continued building confidence, rhythm and an appreciation for creative expression.

Yoga & Wellbeing | A Moment of Mindfulness

Amid the day's many activities, yoga offered students an opportunity to focus on posture, breathing and mindful movement. These regular practices encourage concentration and help children develop healthy habits for both body and mind.

Behind the Scenes

The People Who Make It Happen

In the staffroom, teachers and staff remained engaged in the planning and responsibilities that support everyday school life. Their work behind the scenes helps create the structure, preparation and continuity that students depend on throughout the day. The Director spent time interacting with a parent and their ward, reflecting the importance of open communication and collaboration between school and family. The Principal also added a personal touch to the day by wishing a student a very happy birthday, reminding us that even a simple gesture can make a child feel valued and remembered.

Mess & Mealtimes

Nourishment and Togetherness

Mealtimes in the school mess remained an essential part of the daily routine, giving students time to enjoy their food, recharge and share moments with their peers before returning to their activities.

The Journey Home | Taking Memories Along

As the school day drew to a close, students prepared to head home, carrying the day's lessons, experiences and conversations with them. From classroom discoveries to playground adventures, every part of the day contributed something to their growing world.

At GDDS, learning extends beyond books and classrooms. It lives in the determination of a player, the creativity behind a chart, the confidence gained through communication, the discipline of practice and the warmth of everyday relationships. Together, these experiences help children grow in knowledge, confidence and character.

Warm regards,

Good Day Defence Sainik School
